

Product Change Notice (PCN)

Subject: Datasheet Parameter Change for Select RFD Devices

Publication Date: 8/9/2021

Effective Date: 11/9/2021

Revision Description:

Initial Release

Description of Change:

Renesas has made a minor change to the datasheet parameter, Logic Input Low Threshold from Max: 0.63V to Max: 0.55V for test yield improvement.

This is an update of the datasheet only, no change of the silicon design, die revision, circuitry, process or device performance.

The updated datasheets are accessible via Renesas website.

Affected Product List: Refer Appendix A.

Reason for Change:

The change is for improved test yield.

Impact on Fit, Form, Function, Quality & Reliability:

The change will have no impact on the form, fit, function, quality, reliability and environmental compliance of the products.

Product Identification:

Datecode 2147 and above.

Qualification Status: Not applicable

Sample Availability Date: Not applicable

Device Material Declaration: Available upon request

Note:

1. Acknowledgement must be received by Renesas within 30 days or Renesas will consider the change as approved.
2. If timely acknowledgement is provided by Customer, then Customer shall have 90 days from the date of receipt of this PCN to make any objections to this PCN. If Customer fails to make objections to this PCN within 90 days of the receipt of the PCN then Renesas will consider the PCN changes as approved.
3. If customer cannot accept the PCN then customer must provide Renesas with a last time buy demand and purchase order.

For additional information regarding this notice, please contact idt-pcn@lm.renesas.com
