
[Notification] Model-Based Development Environment for

R20TS0934EJ0100

Rev.1.00

RA, RL78, RX Family Embedded Target Commercial Version License sale started

Mar. 16, 2023

Outline

We are introducing the Model-Based Development Environment for RA, RL78, RX Family of Renesas Embedded Target Commercial Version.

We offer the above tool for co-simulation between the CS+/e² studio integrated development environment from Renesas interlinked with MATLAB® and Simulink® from the MathWorks, Inc. Among other things, this will support the validation of algorithms and model-based development by customers.

1. For customer who consider commercial version of the Embedded Target

This tool works under operating environment below.

- MATLAB® R2021a - R2022b by MathWorks* (64-bit edition only)
- CS+ Renesas Integrated Development Environment V8.07.00 to V8.09.00
- e² studio Renesas Integrated Development Environment 2022-04 to 2023-01

For more information, please check operating environments of the Embedded Target carefully.

Caution

This tool may not work properly under the following conditions. Before considering purchase commercial version, we recommend trying the free evaluation version (limited 2 months usage) on your development environment first to check if it works properly.

- MATLAB® versions that this product does not support.
- Specifications of Renesas MCU (such as small ROM/RAM size)
- When a size of generated codes, which are affected size and complexity of the Simulink® model, is larger than ROM size of the MCU.
- Inability to communicate due to network security settings, etc.

To use this tool, it is necessary to register the license key to Renesas License Manager. A license key can be obtained by lending a free evaluation version or purchasing a commercial version.

For an overview of the product and information of license key, refer to the following URL:

2. Part Number for Commercial Version of the Embedded Target

For purchasing commercial version of the Embedded Target Model-Based Development Environment for RA, RL78, RX Family, give the part number from the list below to the distributor.

Table 1 Embedded Target for RA family Node Locked License

Period	Number of Licenses	Part Number
annual	1	RTCRA0000ET00WNJ
	5	RTCRA0000ET00WNJL5
	10	RTCRA0000ET00WNJLA

Table 2 Embedded Target for RL78 family Node Locked License

Period	Number of Licenses	Part Number
annual	1	RTCRL7800ET00WNJ
	5	RTCRL7800ET00WNJL5
	10	RTCRL7800ET00WNJLA

Table 3 Embedded Target for RX family Node Locked License

Period	Number of Licenses	Part Number
annual	1	RTCRX0000ET00WNJ
	5	RTCRX0000ET00WNJL5
	10	RTCRX0000ET00WNJLA
