## JPEG Software Library for the RX Family Revised to V.2.03 Release 00

We have revised JPEG Software Library for the RX Family from V.2.01 Release 00 to V.2.03 Release 00, which we supply free of charge.

For details of JPEG Software Library, go to:

[https://www.renesas.com/mw/jpg\\_softlib](https://www.renesas.com/mw/jpg_softlib)

The above URL is one of our global sites.

---

### 1. Description of Revision

The main items of the revision are as follows:

- (1) The RX200 series of MCUs has been added to the support line.
- (2) The source code of the Expand library and the project for the High-performance Embedded Workshop which generates the library have been included.
- (3) The user's manual of the JPEG decode library has been included.

### 2. Obtaining the Product

To obtain the product, follow these steps:

- (1) Go to the following Web page:

[https://www.renesas.com/mw/jpg\\_softlib](https://www.renesas.com/mw/jpg_softlib)

You see the list of titles of Application Notes.

The above URL is one of our global sites.

- (2) In the list, search for the application note of the product.

Its name is:

"RX Family M3S-JPEGD-LIB: JPEG Decoder Introduction Guide"

- (3) Click the hyperlink to Sample Program next to the application note.
  - (4) Read through AGREEMENT that appears; then click Agree.
  - (5) The product can be downloaded.
-
