

# BCR2PM-12RE

600V - 2A - Triac

Low Power Use

#### Features

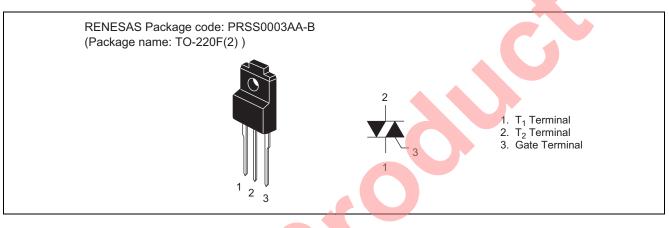

- $I_{T (RMS)}$ : 2 A
- V<sub>DRM</sub> : 600 V
- I<sub>RGTI</sub>, I<sub>RGT III</sub> : 10 mA

## Datasheet

R07DS1239EJ0200 (Previous: REJ03G1468-0100) Rev.2.00 Dec 24, 2014

- Insulated Type
- Planar Passivation Type
- The product guaranteed maximum junction temperature 150°C.

## Outline

## Applications

Electric rice cooker, electric pot, and controller for other heater

## **Precautions on Usage**

When the BCR2PM-12RE is used, do not attach the heat radiating fin.

## Maximum Ratings

Parameter	Symbol	Voltage class	Unit	
Parameter	Symbol	12	Unit	
Repetitive peak off-state voltageNote1	V <sub>DRM</sub>	600	V	
Non-repetitive peak off-state voltage <sup>Note1</sup>	V <sub>DSM</sub>	720	V	

#### BCR2PM-12RE

Parameter	Symbol	Ratings	Unit	Conditions
RMS on-state current	IT (RMS)	2	A	Commercial frequency, sine full wave 360° conduction
Surge on-state current	Ітѕм	10	A	60Hz sinewave 1 full cycle, peak value, non-repetitive
I <sup>2</sup> t for fusing	l <sup>2</sup> t	0.41	A <sup>2</sup> s	Value corresponding to 1 cycle of half wave 60Hz, surge on-state current
Peak gate power dissipation	P <sub>GM</sub>	1	W	
Average gate power dissipation	P <sub>G (AV)</sub>	0.1	W	
Peak gate voltage	V <sub>GM</sub>	6	V	
Peak gate current	I <sub>GM</sub>	1	А	
Junction temperature	Tj	- 40 to +150	°C	
Storage temperature	Tstg	- 40 to +150	°C	
Mass	_	2.0	g	Typical value

Notes: 1. Gate open.

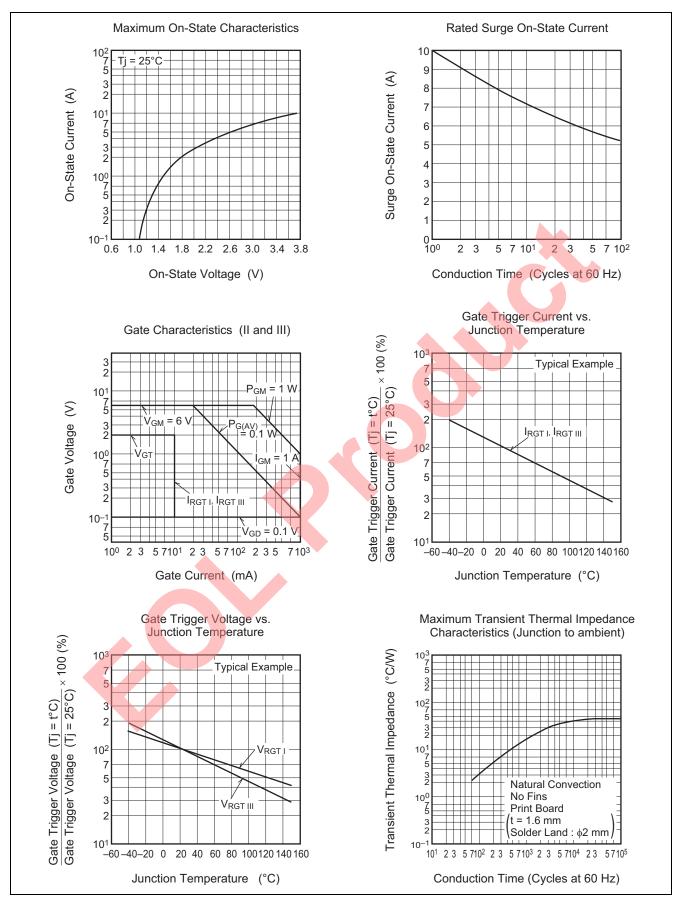

## **Electrical Characteristics**

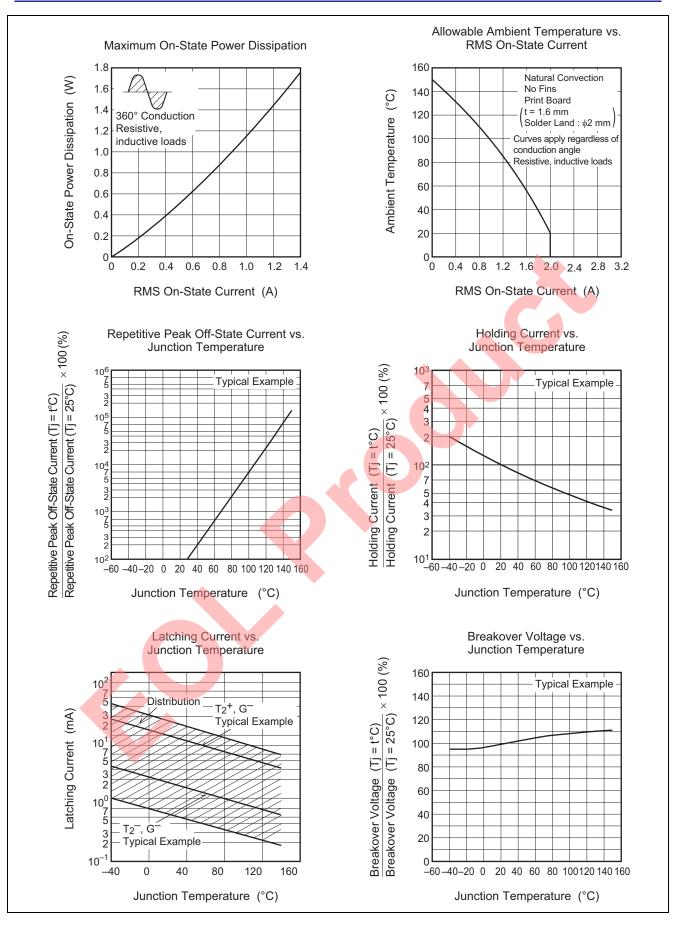

Electrical Characteristics									
Parameter		Symbol	Min.	Тур.	Max.	Unit	Test conditions		
Repetitive peak off-state current		I <sub>DRM</sub>	—	—	1.0	mA	Tj = 150°C, V <sub>DRM</sub> applied		
On-state voltage		V <sub>TM</sub>	—	_	1.6	V	Tj = 25°C, I™ = 1.5 A, Instantaneous measurement		
Gate trigger voltage <sup>Note2</sup>	II	V <sub>rgti</sub>	—	-	2.0	V	Tj = 25°C, V <sub>D</sub> = 6 V, R <sub>L</sub> = 6 Ω,		
	III	V <sub>RGTIII</sub>	_		2.0	V	$R_{\rm G} = 330 \ \Omega$		
Gate trigger current <sup>Note2</sup>	II	IRGTI	—	_	10	mA	$Tj = 25^{\circ}C, V_D = 6 \text{ V},  \text{R}_\text{L} = 6 \Omega,$		
	III	Irgtiii	—	_	10	mA	$R_G = 330 \Omega$		
Gate non-trigger voltage		$V_{GD}$	0.1			V	$Tj = 150^{\circ}C, V_D = 1/2 V_{DRM}$		
Thermal resistance		Rth (j-a)		-	45	°C/W	Junction to ambient, Natural convection		

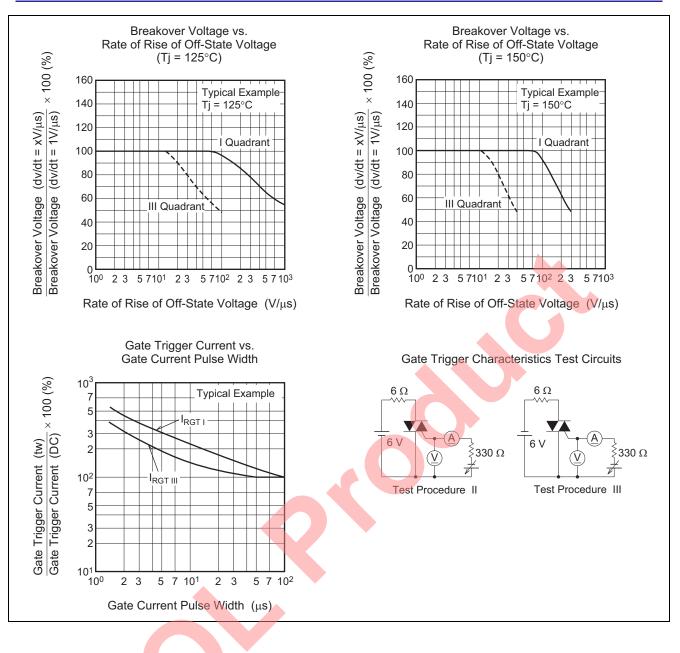

Notes: 2. Measurement using the gate trigger characteristics measurement circuit.

#### **Performance Curves**

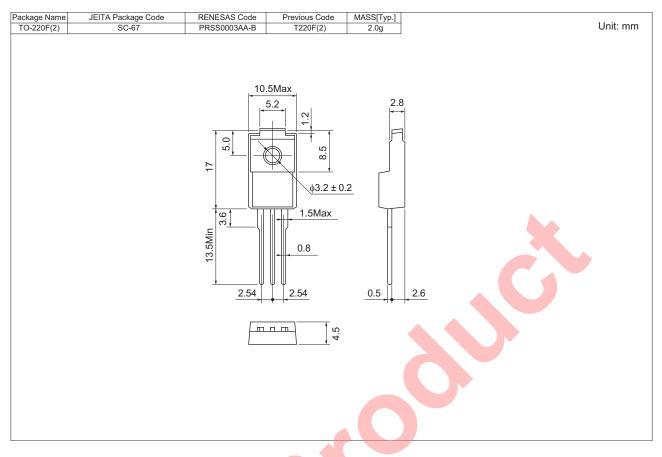

## **Package Dimensions**

#### **Order Code**

Lead form	Standard packing	Quantity	Standard order code	Standard order code example
Straight type	Vinyl sack	100	Type name	BCR2PM-12RE
Lead form	Plastic Magazine (Tube)	50	Type name – Lead forming code	BCR2PM-12RE-A8

Note : Please confirm the specification about the shipping in detail.

#### Notice

- Descriptions of circuits, software and other related information in this document are provided only to illustrate the operation of semiconductor products and application examples. You are fully responsible for the incorporation of these circuits, software, and information in the design of your equipment. Renesas Electronics assumes no responsibility for any losses incurred by you or third parties arising from the use of these circuits, software, or information.
- Renesas Electronics has used reasonable care in preparing the information included in this document, but Renesas Electronics does not warrant that such information is error free. Renesas Electronics assumes no liability whatsoever for any damages incurred by you resulting from errors in or omissions from the information included herein.
- 3. Renesas Electronics does not assume any liability for infringement of patents, copyrights, or other intellectual property rights of third parties by or arising from the use of Renesas Electronics products or technical information described in this document. No license, express, implied or otherwise, is granted hereby under any patents, copyrights or other intellectual property rights of Renesas Electronics or
- 4. You should not alter, modify, copy, or otherwise misappropriate any Renesas Electronics product, whether in whole or in part. Renesas Electronics assumes no responsibility for any losses incurred by you or third parties arising from such alteration, modification, copy or otherwise misappropriation of Renesas Electronics product.
- Renesas Electronics products are classified according to the following two quality grades: "Standard" and "High Quality". The recommended applications for each Renesas Electronics product depends on the product's quality grade, as indicated below.

\*Standard\*: Computers; office equipment; communications equipment; test and measurement equipment; audio and visual equipment; home electronic appliances; machine tools; personal electronic equipment; and industrial robots etc.

"High Quality": Transportation equipment (automobiles, trains, ships, etc.); traffic control systems; anti-disaster systems; anti-crime systems; and safety equipment etc.

Renesas Electronics products are neither intended nor authorized for use in products or systems that may pose a direct threat to human life or bodily injury (artificial life support devices or systems, surgical implantations etc.), or may cause serious property damages (nuclear reactor control systems, military equipment etc.). You must check the quality grade of each Renesas Electronics product before using it in a particular application. You may not use any Renesas Electronics product for any application for which it is not intended. Renesas Electronics.

- 6. You should use the Renesas Electronics products described in this document within the range specified by Renesas Electronics, especially with respect to the maximum rating, operating supply voltage range, movement power voltage range, heat radiation characteristics, installation and other product characteristics. Renesas Electronics shall have no liability for malfunctions or damages arising out of the use of Renesas Electronics products beyond such specified ranges.
- 7. Although Renesas Electronics endeavors to improve the quality and reliability of its products, semiconductor products have specific characteristics such as the occurrence of failure at a certain rate and malfunctions under certain use conditions. Further, Renesas Electronics products are not subject to radiation resistance design. Please be sure to implement safety measures to guard them against the possibility of physical injury, and injury or damage caused by fire in the event of the failure of a Renesas Electronics product, such as safety design for hardware and software including but not limited to redundancy, fire control and malfunction prevention, appropriate treatment for aging degradation or any other appropriate measures. Because the evaluation of microcomputer software alone is very difficult, please evaluate the safety of the final products or systems manufactured by you.
- 8. Please contact a Renesas Electronics sales office for details as to environmental matters such as the environmental compatibility of each Renesas Electronics product. Please use Renesas Electronics products in compliance with all applicable laws and regulations that regulate the inclusion or use of controlled substances, including without limitation, the EU RoHS Directive. Renesas Electronics assumes no liability for damages or losses occurring as a result of your noncompliance with applicable laws and regulations.
- 9. Renesas Electronics products and technology may not be used for or incorporated into any products or systems whose manufacture, use, or sale is prohibited under any applicable domestic or foreign laws or regulations. You should not use Renesas Electronics products or technology described in this document for any purpose relating to military applications or use by the military, including but not limited to the development of weapons of mass destruction. When exporting the Renesas Electronics products or technology described in this document, you should comply with the applicable export control laws and regulations.
- 10. It is the responsibility of the buyer or distributor of Renesas Electronics products, who distributes, disposes of, or otherwise places the product with a third party, to notify such third party in advance of the contents and conditions set forth in this document, Renesas Electronics assumes no responsibility for any losses incurred by you of third parties as a result of unauthorized use of Renesas Electronics products.
- 11. This document may not be reproduced or duplicated in any form, in whole or in part, without prior written consent of Renesas Electronics
- 12. Please contact a Renesas Electronics sales office if you have any questions regarding the information contained in this document or Renesas Electronics products, or if you have any other inquiries.
- (Note 1) "Renesas Electronics" as used in this document means Renesas Electronics Corporation and also includes its majority-owned subsidiaries
- (Note 2) "Renesas Electronics product(s)" means any product developed or manufactured by or for Renesas Electronics
