

RZ Ecosystem Partner Solution GTC-RS-G2L100

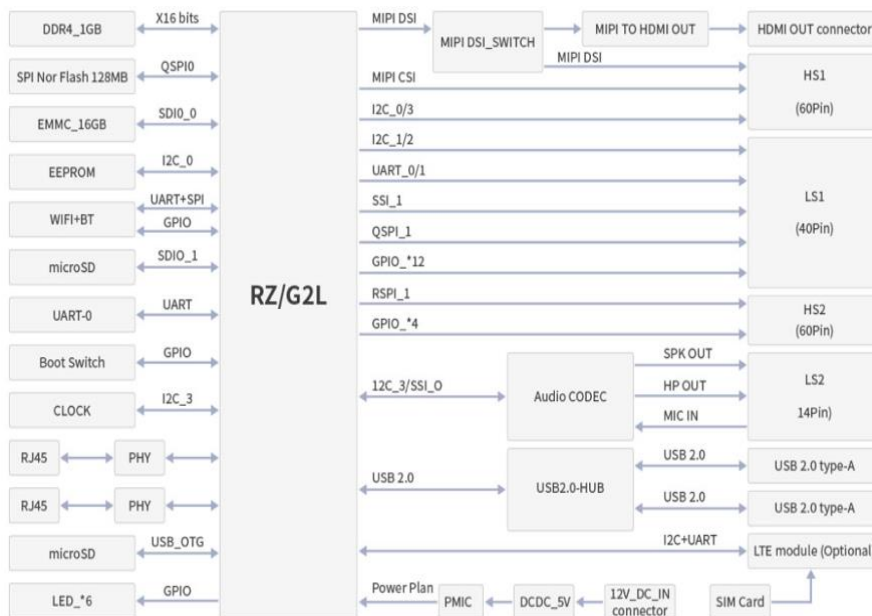

Solution Summary

The **Geniatech AHAURA RS-G2L100** includes a high-performance 64-bit Dual-core (Cortex A55) processor - **RZ/G2L**, HDMI out display support at resolutions up to 1080P, hardware video decodes up to 1080P, up to 4GB of RAM, dual-band 2.4/5.0 GHz wireless LAN, Bluetooth (BT 5.1 compliant BLE) two Gigabit Ethernet, two USB 2.0 and LTE Cat-M1, as well as supporting different high-speed interfaces such as MIPI-DSI / MIPI-CSI / USB2.0 and low speed 96Boards Mezzanine Connector.

Features/Benefits

- High-performance 64-bit Dual-Core processor
- HDMI out display support at resolutions up to 1080P
- Hardware video decodes at up to 1080P; up to 4GB of RAM
- Dual-band 2.4/5.0 GHz wireless LAN, Bluetooth 4.0, Bluetooth (BT 5.1 compliant BLE)
- Multi-Highspeed Connectivity: 2 Gbit Ethernet, 2 USB 2.0 and LTE Cat-M1 Modem.

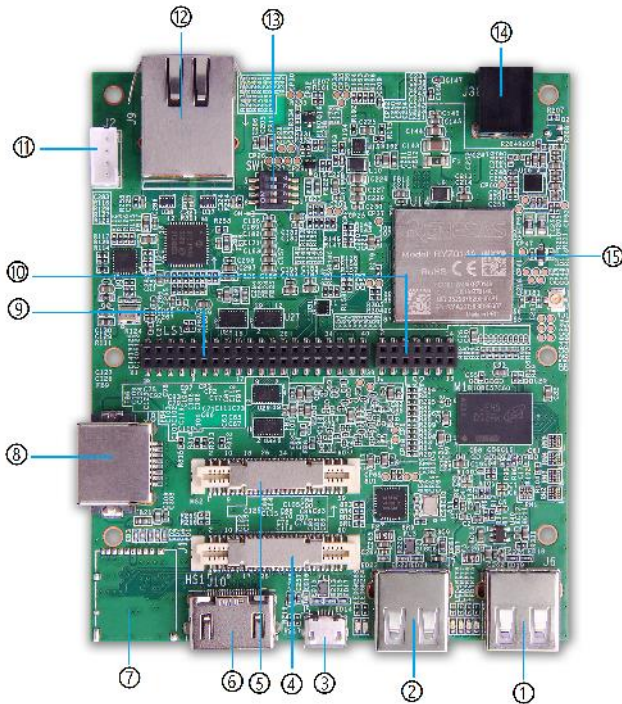

Diagrams/Graphics

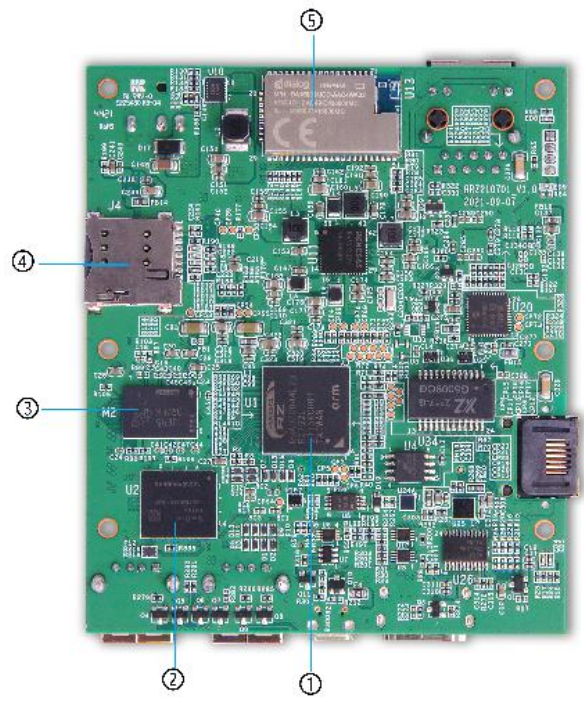

Target Markets and Applications

- Industrial control
- Smart home
- POS / Retail
- Security/ Visual AI
